Dear Sir:

I take pleasure in enclosing herewith my subscription in accordance with your favor of the 24th inst.

Am I to understand that you sell some of the medals which you exhibit, or copies thereof? For instance, you show a medal on the first page of your leaflet commemorating the declaration of War. If a copy of this medal is for sale, kindly let me know the details.

I am sorry I did not know of your society a short time ago, as I was anxious to obtain a proper design and other necessary information for a gold medal which I originated for the Guilmant Organ School of which Dr. Wm. C. Carl is the director. I am glad to say that it has just been struck by Tiffany & Co. and it seems to be very satisfactory from what I can gather. I

#2 - Mr. Sydney P. Noe

believe this is the first and only medal which will be used in this country in connection with scholarships or for other meritorious reasons in connection with the pipe organ, and the first medal will be presented to the Rev. Dr. Howard Duffield Pastor of the First Presbyterian Church and Chaplain of the Guilman Organ School by Governor Chas. S. Whitman on May 28th.

Very respectfully yours,

Philip Berolzheimer

Mr. Philip Berolzheimer,

Dear Mr. Berolzheimer:-

I have your letter of the 25th stating that we could propose your name as an Associate. Thank you very much. The next meeting of our Council will be held on May 6th, and notice of their action will be sent you at that time.

As to your inquiry concerning our medals for sale. Yes, we have some of our former medals still on hand. Unfortunately we do not have any of the eagle medal of which you make mention. This was an issue limited to the number subscribed for up to September 30th, 1917. There is just a faint possibility that I may sometime be able to secure one for you, and if you so desire I will make note of it, and inform you should the occasion arise. Under separate cover I am sending a copy of an historical sketch of the Society which illustrated medals which have been issued by us, and I have checked the ones of which copies are available.

I note what you say about the medal for the Guilman Organ School. If you had the advice of Dr. Kunz of Tiffany's, who is one of our members, you were in good hands, and I feel sure the medal will be entirely satisfactory. It frequently happens that copies in bronze of such medals of award are presented to our Society, and we have a number of them in our collection. They are of course then a matter of record, and can be consulted whenever similar ones are planned. If you should care to raise the question as to whether that might be done with

this medal, I can assure you that your courtesy  
would be greatly appreciated.

Yours very sincerely,

Secretary.

If you come across one of the eagle medals I shall be pleased to have you let me know. In the meantime, I shall be glad to receive from you in silver a Lincoln medal and Membership medal.

My dear Doctor:

Enclosed please find letter from Mr. Noe, Secretary of the American Numismatic Society for your attention and you will notice what he says about Dr. Kunz, of Tiffany. He will probably be glad to make one of these medals in bronze for the American Numismatic Society at my expense if you will lend him the die, and it will be a good thing for the Guilmant Organ School to have this bronze medal on file for future reference. If Dr. Kunz is sufficiently interested to attend to this matter for you and if you will give Mr. Noe a history of the medal and probably invite him on the occasion of the first presentation of the medal, I shall be glad to have you do so, provided that you do not have to spend too much time doing it.

I am enclosing copy of reply written to Mr. Noe.

Dear Mr. Berolzheimer:-

I have your letter of the 30th enclosing copy of your letter to Dr. William C. Carl. I appreciate very much your cordial reception of my suggestion with regard to striking a copy of the medal of the Guilman Organ School for our collection. I feel confident that Dr. Carl will be glad to co-operate as you suggest.

I am also making a note to the effect that you desire one of our eagle medals, should a copy become available. The membership medal and the Lincoln medal in silver will be delivered to you sometime during the early part of next week.

I hope to have the pleasure of welcoming you at our Museum at some time.

With renewed thanks, I am,

Yours very respectfully,

Philip Berolzheimer, Esq.  
703 East 13th Street

Dear Mr. Berolzheimer:

In connection with the 'World War Medal' to be issued by the State of New York, we have been informed that the Board appointed by Chapter 122 of the Laws of 1919, consisting of the Governor, the Adjutant-General of the State, and the Chief of the Bureau of Records, has rejected all of the proposals and bids for this medal, submitted on May 17, 1920.

May I ask your good offices in learning whether this is a correct statement of the facts?

The American Numismatic Society, as you know, is interested in having for the State of New York a medal which will be something of which we, as New Yorkers, can be proud. - We know that you are in close touch with Governor Smith. Do you feel that he would understand an offer on our part to help in securing an artistic medal as an effort to place at his disposal our experience with things of this kind?

We have in our Museum a considerable number of the badges which have been issued by various municipalities, and the results - with one or two exceptions - are deplorable in the extreme. I am venturing to make this appeal to you because I know you are in a position to assure Governor Smith that this suggestion is offered only in an effort to aid in achieving a result of which we can all be proud.

Trusting that my request will not impose a burden upon you, I beg to subscribe myself

Dear Madam:

I am very glad to respond to your letter of September 28th. It is very interesting to see a cabinet which belongs to the late 18th or 19th century. I am glad to hear that it will meet your needs and it is in excellent condition.

First I suggest that if you really have an opportunity to visit our Museum, you could not only see this cabinet but there will be many more which are not for sale. If Mr. Herzlzheimer did not suit, it is possible that we could refer you to one or two coin dealers who might have something of similar nature.

Dear Mr. Berolzheimer:

I notice that the cheque you sent us for your 1929 dues is for \$10.00 instead of \$5.00, and in the absence of any instructions from you do not know whether the additional \$5.00 was intended as a gift toward the acquisition of the Robertson Collection of Swedish coins, about which we wrote you recently, or whether it was your intention to pay dues for two years. A line from you clearing up this point will be greatly appreciated.

Very truly yours,

*Sydney P. Noe*

Secretary

*Kindly apply for two years dues.*
